Work Experience

Environmental Engineer
EBP India
05/2025 - Present

Internship

Chemionix, 1 Months

S V Chemex, 1 Months

Aarti Drugs, 1 Months

Education

B.Tech/B.E. - Chemical
2024
Dwarkanadas J Sanghvi College of Engineering,
Mumbai
Grade - 7.81/10

12th
2020
Maharashtra , English
Grade - 66.46%

10th
2018
Maharashtra , English
Grade - 84.0%

Projects

■ Internship

1 Months

Understanding P&ID and it's function and use in industry and drafting them on autocad software

■ Textile Chemicals

1 Months

I learned and experienced how the subjects we learn through our undergraduate studies helped us understand the working of the various processes and the machinery involved in the Chemical Processing Plant.

■ In Plant Training Report

1 Months

The Industrial Training helped me to know and develop various technical and communication skills. It also gives me a lot of knowledge about the process, it's equipment and operational phases. The training is an important step towards any engineer becoming a successful engineer. The most important lesson that I learned is discipline, management and teamwork
